

Hello General Brown

I am Writing you this letter, because **you chose to ignore me the past 8 months!**

I did not send you this <https://gothere.us/2016/usaf02b.pdf> directly back on May 5 2023, because I did not think I could trust you, and I was hoping to find a friend in the Air Force that wanted to save America. That did not happen. For the last few months I have expected to see an assassin or a sniper bullet, and that has not happened yet... ether. So it is very obvious you plan to do nothing, thinking I will do nothing waiting on you. I want you to come talk with me and I promise I am not going to hurt you, as You are the General, and I need you alive. **How many Air Force People will I need to Kill to get to you? If you do not come see me, I will be coming to see you! All you have is Bullets, Bombs, and Guided Missiles, and even Nuclear Bombs to protect you, and non of those will stop me! I am Stronger than Superman, Stronger than speeding Bullets and Bombs, I Scale Tall Building and Leap off them in a Single Bound, It's a Bird, It's a Plane, It's Superman, No It is the Blue Bandit of Texas! :)**

This weapon I have works like this. If an aircraft drops a bomb on me, I will Kill every one in the tank or plane. The fire will be under their cloths, so a fire suit will not help. Then I will kill the commander that gave the order, and the one sitting at his desk in the Pentagon. They should all flame up at the same time. That is not the bad part... I will lock all those people up in the lake of Fire for 1000 years. So General Brown you should warn your men to take a bullet in the head before they choose to fire at me, because you may not be the Commander who gives that order. I do expect that will happen very soon, as someone is going to want me dead. Do you really think I like what I am doing? I have fear, but not of humans, I Fear Yahweh, as He is Cruel and Harsh with His Punishments. Yahweh is Just and More Powerful than anything you can imagine. I do what He Tells me to do. General Brown Do you want to Serve Your Heavenly Father? Now is the time. You stand behind me, and help me, so you will live forever. We are all going to die real soon, it is what we die for that counts. I need your help to minimize the people I will kill. I do not need to be fighting with You, or anyone in the Military or Law Enforcement. My Job is the churches, and I need your help there, as they are all proud and uneducated. Most will not listen until I kill the ones that attack me trying to get to the false Prophet hiding behind the curtain. With your help, and I do not mean physically, I mean tell the people who I am. Do not hide, and make me do this like a dragon. You could call Russell Nelson, and tell him you believe this is the Witness, and you Russell Nelson better go talk to this man, before he come to find you, as the Military, and Law Enforcement is staying out of this, for these reasons... I believe in most cases that will work. Then no one needs to die. I do not want to be reckless, or uncaring. I must live with my actions. They will listen to you, but they have All made it very clear they will not listen to me. So I only have one option right now. Sept 11 is the date this is to start. I have tried my hardest to postpone this, but I really want to go home, and I see the Planet cannot wait any longer. It is all very very very heavy load to bare alone. I am making a place for The Heavenly Father's People, but I need time to gather them. General Brown I believe there was a reason I was in the US Air Force, and a Reason I "Aced all your Tests" I believe this is the reason. There was a reason I scaled that Building, because for me to do this job I needed to look like Superman, so The People Looking for the Heavenly Father will believe in me. But... without your help I can just start spitting fire, as that is the only tool I have. Your Choice is: Do you want to live forever and be free, or Do you want to spend 1000 years in the Lake of Fire! The Creator said "My People Die from lack of Knowledge". Educate yourself. My study for you. <https://gothere.us/scriptures/>

Some Very Nasty business is getting ready to start in America, and I am very glad I do not need

to be involved in that business. My Friends are in your way, and I Will be Protecting them will everything I have. I do not like the Job I have, and would rather Die than do this Job, but I will not sit still, Yahweh tells me to do something, I will do it to the best of my ability. I cannot concern myself with the number of humans I kill in doing that job. I am writing you to save unnecessary deaths. I have a personal Outstanding debt the United States Air Force Owes Me, and I want Your Help! So there are more than one reason you need to come talk to me this week.

Time is short, and I am VERY Short Tempered right Now! The Job I do is a very serious one, and I take that Job very seriously. I went to FBI Agent Gary Mac Knoll to try to help my close friend Israel Hawkins the False Prophet of The House of Yahweh, because I wanted to save that man, and get him on the right track. I ate diner with his family Kay and Margo, I cry daily over how that episode turned out. I will lock Israel Hawkins up in the Lake of Fire for 1000 years very soon! That is very sad. If Gary Mac Knoll had anything to do with any of the Murders of my friends, he will join Mr Hawkins. General Brown I am coming to you for more than just help, as The Air Force Owe me. I started this Mission many many many years before 2003, as I had to train my very close friends to go into The House of Yahweh to get the information I got, and many of my close friends were murdered by this group. So when I say you OWE ME for the past 21 years, understand I have been dealing with the aftermath of the USAF and HOY trying to drop Nuclear Bombs on MY CITIES, it is more like 31 years! So If You, General Brown want a WAR with me, You Got It! Otherwise you come meet with me this week!

I have a lot of reasons I am so urgent about everything I am doing. I have a friend that does not know me, and is ignoring me just like everyone else. That person is Russell Nelson the false Prophet of the Latter Day Saints. He is 101 years old, and I have made a promise to myself to Save that man! If he dies before he changes his ways, then I will be locking him up in the Lake Of Fire for 1000 years. That is a long tome to burn alive, with your hands above your head frozen in ice, and your feet frozen in ice. This man seems like a very gentle and caring soul, unlike Israel Hawkins. He may not make it to Sept 11, so I need to be moving faster! The FBI and the USAF know Full well Who I am, and What I have done. I stopped the USAF from dropping Nuclear Bombs on America, and I Stopped the House of Yahweh from deceiving those People looking for Yahweh and the "Witness". I have done enough, let me die already YAHWEH! That has been my Prayer for a very very very long time now, as I do not want to live anymore, and this job is just getting worse! I have No Family, No Friends, Everything I loved has been taken from me, and no where to live! Everything in front of me just looks like HELL. I have Hundreds children being sacrificed everyday! They stick a needle in their upper neck spin, and drain Stem cells for hours while these 5 year old children watch others in the room. They do this without anesthesia to cause as much fear and pain as they can in these children, because that is what will cause the body to produce Stem Cells. Then when the child is no longer making stem cells, they cut out the Kidneys, Heart, and some other organs in front of the children who watch. This is Horrifying! This is going on in America, South America, Africa, Hattie, Asia, and I am sure other countries as well. I want to stop this and save some of these children. I am not omnipotent, and I can only do what Superman could do. I do not know where to begin with this problem. Just knowing the Governor of Florida is involved in this, is a Very good place to start! Russel Nelson and these child sacrifices are two other things forcing me to be so urgent.

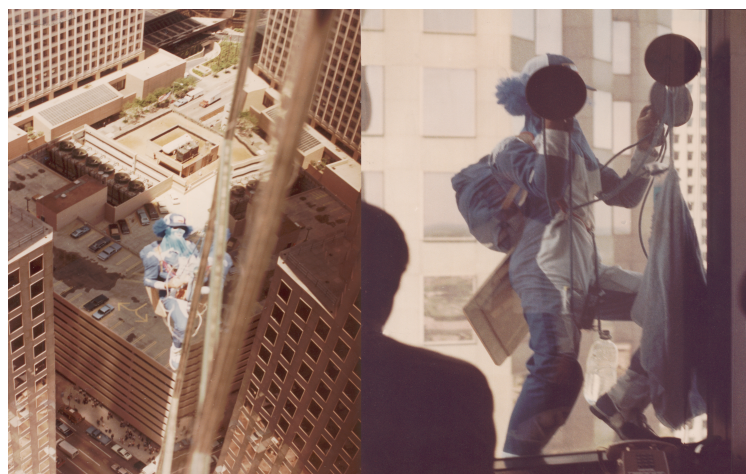

I have a very very long list of people I will be addressing like Ted Wilson of the SDA I refer to these two as my Wilson/Nelson problem. I only need those two alive in their church, and every other man that stands in my way is expendable! Then there is the Assemblies of Yahweh, and Every elder is Expendable, and I do not plan to leave any Resistance alive in that church! The Assemblies of Yahweh is the deadliest group on the planet! The House of Yahweh and the Assemblies of Yahweh, teach their

children to Murder if they are told by the Elders to do so and both these two groups sacrifice children. I have a long list, and they are all different, as some have false Prophets, and others have no headship at all. That is my Job. I have personal debts with Federal Judges and State Judges, they Own me, and I will be collecting, as most these are corrupt Judges. I am the Judges Judge, the Assassins Assassin, and the Preachers Teacher! If any of these people wanted to settle their debt, or get their names off my list before I come find them, then they need to email me at skip@gothere.us

I am writing you this letter to Save lives, as everyone on my list accept you General Brown do not know who I am, and push me of as a guy they do not want around. I have shown Love to every church and Judge I will be dealing with, so the next time I go there, I will be spitting fire, and many will die, and it will be their own fault! If I have someone like You General Brown, maybe some of these people will listen before I go back. I do not have the time nor the patience to wait for these people to see the light. When I start spitting fire, everyone will get the message!

General Brown you do not need to make your trip here all business. We can fish and swim as we talk. Skip Stanley

The Witness Yaaqov The Blue bandit of Texas, <https://gothere.us/bluebandit/>

One more thing General Brown, I have kept my mouth shut about the USAF involvement in the House of Yahweh, so not to many people know about this yet. When you did not answer me I started writing last month, as I am very upset with you right now. I would rather not go that route. If you come talk with me this week, I would want to keep the Air Force out of the Nuclear Bombs of 2007. but right now that is the only proof I have that I am that Witness to the Ones I care about. With your help I would not need that. Loose Lips Sink Ships. I just need your help! I worked and studied hard for the Air Force, and you have no idea what dangers I was facing when I joined, as I was doing some very dangerous stuff Repos that I am surprised I lived through, and the Air Force saved my life! I never tried to deceive the Air Force, but that name Loren Adcock got me into so many near death fights. I was 9 years old fighting 4 boys with knives in my house and I put a pitch fork through one boy's thigh, and those fights just got worse as I got older, and put one boy in the hospital with 118 stitches in his face when I was 16, and I could not run, as his 30 friends kept us fighting, then I was expelled from high school, and my mom drove me 100 miles away, and gave me \$100, and said she never wanted to see me again, have a nice life. I was being shot at, at 16 with buckshot, and chased. That was my life before the USAF. The first indoor Bungee jump in 1985 and I touched the floor with my hands hanging from my feet. I design and build all my equipment. I was 23 years old. What things I could have done, but I

had to leave all that to Save America and Yahweh's People, in 1991 was my last jump.

Blue Bandit admits he's kinda 'different'

Jurors find climber innocent in stunt

The tower-climbing Blue Bandit admitted to a jury Wednesday, "I've been kind of different ever since I was a little kid."

But his individualism apparently didn't bother the jurors, who found "The Blue Bandit of Texas" innocent of criminal trespass for using suction cups to scale a 71-story skyscraper and parachute to the ground. "The Blue Bandit of Texas"

Stanley, who also goes by the name Skip Stanley, convinced jurors he was not told to get off the Allied Bank Plaza tower until he had no choice but to climb upward and then leap down.

Stanley said he prepared for the long climb by using the suction cups on mirrors at his home.

Stanley, who earned his nickname while bedecked in blue for the crowd-pleasing stunt last May, was charged with two misdemeanor offenses — criminal trespass and resisting arrest — in the court of County Court-at-Law Judge Jack Pickren.

Assistant District Attorney Joan Campbell said she hasn't decided yet if she'll prosecute Stanley, for allegedly eluding police after he parachuted from the building.

Stanley also faces charges in Fort Bend County for climbing 2,000 feet up a television tower and parachuting off last December.

Campbell argued that Stanley was guilty of trespass because he was given ample notice that he should leave and was afforded several opportunities to do so.

Stanley, refused and climbed to within a few floors of the top of the tower to "feed his ego," Campbell said.

Defense attorney Randy Holzapple told the jury Stanley didn't hear Allied officials' demands that he get off the building and leave until he had reached the 20th floor.

By then, Stanley's only choice was to finish the climb so that the parachute drop would be safe, Holzapple said.

"There's no law against climbing on the outside of a building," Holzapple argued. "He was told to leave. He left."

Holzapple called his 21-year-old client a hero and said the prosecutor's efforts to punish Sta

nley amounted to "stamping out individualism."

Stanley, who plans to legally change his name to Skip Stanley, said he wants to perform more stunts — but only for charity.

"I want to do this legitimately and for a good cause," he said, though noting that Texas Children's Hospital refused to sanction one suggestion of jumps for charity because of the danger. He had suggested 100 parachute jumps in a 24-hour period.
